Court Adjourns.

There was but little business transacted in circuit court last week. The weather was very disagreeable and witnesses could not reach town. All the Commonwealth cases, except a few minor charges, were continued until the May term. The case of Jack Young, for stabbing Walter Goff, was tried, all the witnesses being about town. He was fined one hundred dollars. Enough business was docketed for the full two weeks, but on account of the statement made above, Judge Carter adjourned court and left for home Saturday.

Political Card.

To the Republicans of Adair County:—I hereby announce myself, a candidate for the office of Clerk of Adair County Court, subject to the action of the Republicans, at the August primary 1917.

I have been a Republican since I attained my majority, and have always been found trying to advance its interests and as best I could fight its battles. I am a farmer by profession, but am well qualified for the office which I seek. If nominated I promise to make the best fight, in November, that I can. I intend to see every voter in the county before the primary, and I ask my friends to do all they can to advance my interest between now and the primary.

Very Respectfully,
L. Y. Gabbert.

Mr. John Thurman Wants to be Jailor.

Mr. John Thurman, who lives in the Breeding locality, is a candidate for Jailor of Adair county, subject to the action of the Republican party, the primary to be held in August. Mr. Thurman has been a farmer the greater part of his life, and has so conducted himself as to meet the respect of his neighbors and friends. He has served his county two years as deputy Sheriff, making an efficient officer. While holding this position he became fairly well acquainted throughout the county, making many friends. He feels that he would make the county a watchful Jailor, and he most respectfully asks his friends to support him in the contest. Between now and the first Saturday in August, the day of the primary, he hopes to see all the voters in the county, presenting his claims, face to face. His fidelity to the Republican party can not be called in question.

Can't Do Without It.

Lebanon, Ky., Jan., 19, 1916. Editor News:—

It has been a long time since I lived in Adair county that gave me birth nearly sixty-three years ago, still she is precious to me, and shall ever be while this life shall last, or while reason sits upon her throne, and I am much interested in the people of my old county, and cannot afford to be without your excellent paper which comes to me weekly filled with such things as are of great interest to me. I am moving on very nicely with my work here—have a delightful people to serve and hope to have a good year. Enclosed find check for \$1 for the renewal of my paper for another year. A friendly greeting to the "News" and my many Adair county friends. Yours sincerely,
Jesse L. Murrell.

A Splendid Stock of Goods for Sale.

Having sold my farm, my mind is made up to remove to a Western State, and I now desire to sell my largest stock of general merchandise, consisting of everything kept in a first-class store. The stock is fresh—no hard lots in it, hence the opportunity is open for some man who wants to engage in the mercantile business. There is more money in circulation at this time than for several years in the past, and the outlook is encouraging for 1917.

My reason for selling is that I have decided to go West. My business is good, and I have as good if not the best location in Columbia. If you desire to engage in the mercantile business in this place, the opportunity is now open to some man who wants a bargain. I am in position to offer inviting inducements in prices and terms. I am ready to show any prospective purchaser through my stock. T. E. Waggener.

Important Road Move.

Kentucky will receive \$97,000 for 1916 from the national government to aid in building good roads, and \$19,500 for 1917, and the amount apportioned this state increases each year, making a sum total for the five years \$1,420,000. The time is approaching, it is at hand, when the road or roads to be built by state and national aid must be selected, and our State Road Commissioner, Mr. Wiley, suggests building a road from the Big Sandy to the Mississippi. He points out the facts that most of the rivers and railroads cross the state North and South, also the Dixie and Jackson Highways, and for this reason he believes a main thoroughfare East and West would serve more people and bring more lasting results, than to cross latitude or scatter the money among the various counties over the entire State. He suggests the building of the road from Wickliff to Ashland, passing through the counties of Ballard, Carlisle, Graves, Marshall, Trigg, Christian, Todd, Logan, Warren, Edmonson, Barren, Hart, Larue, Nelson, Washington, Mercer, Garrard, Jessamine, Fayette, Clark, Montgomery, Bath, Rowan, Carter and Boyd. Following the line proposed through the above counties, you will readily see an East and West route is shown from Wickliff to Glasgow, then an abrupt turn to the North to Nelson county, paralleling the Jackson Highway the entire distance. In this break the road also follows the same course of the L. & N. railroad, passing through territory well provided with good roads as well. If an East and West road is desired, why take a North course from Glasgow, when through Metcalfe, Adair, Casey and Lincoln would be in line to Garrard and shorten the road at least fifty miles? Metcalfe, Adair and Casey neither have good roads nor railroads, and a road from Stanford to Glasgow would put two important sections of the State in close touch. We believe Mr. Wiley is correct in his proposed expenditure of the money—in building a great road longitudinal through the State, but cannot see why he deflects from the course after reaching Barren county. It may be that he figures Metcalfe, Adair and Casey beyond redemption in the building of roads, or for historic purpose he elects to pass through Larue. Be that as it may, if we are not on the line we miss the road and our section of the State but little benefited. Before this matter is settled is the time to present our claims, and it seems that the county judges of the four counties together with their courts and interested citizens, ought to get busy and present to the commissioners our claims, resources and desires for the road. It may be too late to secure the road, but it is not too late to make an honest, energetic effort. Without an effort we lose, but if the counties on our proposed line will unite, there are many reasons why we should win and secure the road on the most direct line from Glasgow to Lancaster via, Edmonson, Columbia, Liberty and Stanford. Who can figure the great worth to this section in the building of a National Highway as proposed? Who doubts the financial ability of the counties through which it would be built to meet their part of the cost inside of five years? Adair county can do it, Metcalfe has her part practically secured through her bond issue, Casey is amply able to do her part. Lincoln would only need sufficient money for reconstruction—an item the county would hardly miss, while Barren certainly would rather build East, than North, and open up her trade territory. Gentleman, this proposition is too important to longer sleep under the industrial ether of fear and moral cowardice. Immediate action is necessary. The line through these counties is the direct one, passing through an undeveloped section of the State without railroad facilities, navigable rivers or good roads and shortens the distance from the Big Sandy to Mills Point by many miles. What think you?

From Eld. Z. T. Williams.

Belton, Texas, Jan. 15, '17.

Editor News:—We have been here ten days and the weather has been ideal until last Friday evening when it began to turn cold, and by Saturday morning the thermometer registered 31 degrees above zero. Sunday morning 21 and evening 25 above, with a sleet off the ground, just enough to make it slick. There is a 7 inch snow at Dallas and over north Texas. They say this is unusual weather here and I guess it is, and would be a little unusual in Kentucky.

We have met a good many Kentucky people since we came here.

Last Thursday we were invited 7 miles out of town, to John Dice's, an Adair county man, to a reception dinner. John's youngest son married the evening before, a beautiful young lady by the name of Roy. It was a regular old Kentucky infair dinner with turkey, cranberries, and every thing. Col. Miller and daughter Mary, took us out in their car and we sure had a delightful day. Eugene Dice and his wife were there and several other Kentucky people. John Dice owns 500 acres of fine land and is in good shape. Eugene also owns a good farm and a good home and plenty of the good things of life about him. He has been well kept. Only weighs 330 pounds.

Jo Sam Morgan lives here in Belton. He is another Adair County man, and has made good. He has served two terms as County School Superintendent. He is highly esteemed by the people here. Bro. Morgan used to attend school at Montpelier and boarded at my house, and I rejoice to see him make good in life.

Mr. Joel Elliott of the firm of Ray & Elliott is a Cumberland county man. This firm has been in business here 37 years. He is cousin of R. F. and W. B. Rowe of Columbia. He is the last of the Uncle Robt. Elliott family of boys. Thompson Elliott a brother, died a short time ago at Cooper Cave, in this State. Mr. Mike Elliott another brother died last May.

There are quite a good many Kentuckians live at Temple, whom we have not met yet. Belton is a splendid old town, the oldest one in Bell county and dates from 1850 and is 67 years old. It has a population of 5000, two Rail roads and one Interurban line running to Temple, 9 miles, and has a splendid school system. 5 school building, about 600 pupils enrolled. One splendid high school building, with 250 pupils in attendance, I was here 35 years ago, quite a change since then.

There are four banks here, all doing a fine business. The cotton crop of last year has brought \$8,000,000,000 into the state. Just think of it! The banks are overloaded with money.

The high school pupils are having a declamatory contest in the state. I had the pleasure of attending the girls contest here last Friday evening. Seventeen girls delivered a declamation on Robt. E. Lee, each one giving the same address. Four of their members were selected for another contest in which will be four boys and four girls, and one of the eight will be selected for the county contest, in which all the high schools in the county will be represented. Then one pupil will be selected for the district contest, and one from each district for the State contest, which is final. This is good exercise for the young people, and will be an incentive to them to do their best.

We are both enjoying it here (except the cold), and are holding our own all right. Mrs. Williams is attending the aid societies and C. W. B. M., meetings.

The News reached us here Saturday noon, and we enjoyed it like a letter from home. Glad to see we are to have a Chautauqua this year. Put us down for some tickets. Sorry to learn of the death of Billie Josh Conover.

Z. T. Williams.

Obituary.

On Jan. 12, death entered our community and claimed for its victim Bryant Meece, who resided near Font-hill. He was quite an industrious young man. He was respected by all who knew him. Our community has lost a noble citizen and his presence in this community will be greatly missed. He was stricken with pneumonia and lived only 7 days. He was in the prime of young manhood, seemingly should have lived to an advanced age, but the Lord saw fit to call him away.

We feel our loss was his eternal gain. He leaves a wife, 3 children, an aged mother, 4 sisters and 8 brothers, a large circle of relatives and friends to mourn his loss. After funeral services conducted by Rev. J. M. Williams, the remains were laid to rest by the Masonic Fraternity, in the Friendship cemetery, there to await the resurrection.

A end.

Obituary.

On a beautiful Sabbath day at high
noon, May 21st, 1916, little Paul Wil-
more Sollenberger first opened his
bright blue eyes to greet and fill with
love and joy all who should come to
know him. He was the 7 months old
son of Mr. and Mrs. Paul Sollenberger
(nee Miss Clara Wilmore) and was
born at the home of his grandparents,
Mr. and Mrs. W. M. Wilmore, at Gra-
dyville, Ky. Being no little ones in
the home he was soon the light of the
household and was the pride of the en-
tire family, but never being strong it
was soon found that it would require
very careful nursing and the family
physician was very attentive and ev-
ery means resorted to that could be
thought of and suggested. At times
he would seem to be doing well, but
only long enough for all to build high
hopes, then he would again be on the
decline and such was his little life.
But with a mother who never tired of
trying to alleviate his suffering; he
had the very best attention. Night
after night the mother, sometimes
alone, and often with the entire house-
hold would sit up all night doing all
in their power to ease his suffering.
Not one thing was left undone by Dr.,
mother, grandparents, little Maude or
neighbors that could be done, but
with it all he grew steadily worse and a
few days before Christmas it was seen
he was fast approaching the end, and
when the doctor said there was no
hope, the scene was heartrending, for
he was just beginning to notice and
know each member of the family and
would answer caresses with a little
smile and he especially loved the sun
and moon. On Dec. 23rd at little
past 3 o'clock, little Paul's spirit went
back to the God who gave it, and on
Christmas eve the funeral was prech-
ed at Union church by Rev. W. C.
Christie, pastor of the Methodist
church. The lesson, the 14th chapter
of St. John was selected by the heart-
broken mother. The music was care-
fully selected and was beautiful.
Flowers were ordered to cover the
little white casket as a token of love.
The little infant in white so symbolic
of an angel, was beautiful and as we
looked for the last time on the sleep-
ing little form, we were reminded of
"Suffer little children to come unto
me for of such is the kingdom of
Heaven. May lightly fall the winters
snow and sweetly bloom the summers
flowers on the mound beneath which
rests the form of this dear little babe

There are a lot of mysteries in life.
And one of them is why it is so easy
to spend money and so hard to save it.

We get our authority from a re-
liable exchange that the sales of the
Sears, Roebuck & Company have now
reached the million dollar a day mark.
This is simply stupendous for it means
at the low margin of ten per cent, a
profit of one hundred thousand dollars
every twenty-four hours. Their goods
are no better than those of the coun-
try merchant, their prices are not
much if any lower, taking into consid-
eration the cost of transportation and
ordering. How did they get this vast
trade? It was simply the liberal use
of printers ink. They saw the value
of Advertising and they put it to use
with great success. In other words
they invited the public to trade with
them and the public accepted the in-
vitation. The way is open to the
country merchant if he chooses to use
it.

Danger Signal.

If the fire bell should ring would
you run and stop it or go and help to
put out the fire? It is much the same
way with a cough. A cough is a dan-
ger signal as much as a fire bell. You
should no more try to suppress it than
to stop a fire bell when it is ringing,
but should cure the disease that causes
the coughing. This can nearly always
be done by taking Chamberlain's Cough
Remedy. Many have used it with the
most beneficial results. It is especially
valuable for the persistent cough
that so often follows a bad cold or an
attack of the grip. Mrs. Thomas
Beeching, Andrews, Ind., writes:
"During the winter my husband takes
cold easily and coughs and coughs.
Chamberlain's Cough Remedy is the
best medicine for breaking up these
attacks and you cannot get him to
take any other." Obtainable at Pauli
Drug Co. Adv

Some farmers will spend the bad
days and the long evenings of the
coming winter reading farm papers
and inspiring books; others will spend
them chewing tobacco and fussing at
the kids. The question is, Which
class will have made most progress by
the coming of spring? No reward for
correct answer. —Southern Agriculturist.

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in
writing of her experience with Cardui, the woman's
tonic. She says further: "Before I began to use
Cardui, my back and head would hurt so bad, I
thought the pain would kill me. I was hardly able
to do any of my housework. After taking three bottles
of Cardui, I began to feel like a new woman. I soon
gained 35 pounds, and now, I do all my housework,
as well as run a big water mill.

—Southern Agriculturalist.**How to Check that Cold.**

When it is painful to breathe and fever sends chills up and down your back, you are in for a cold. A timely dose of Dr. Bell's Pine Tar Honey will stop the sneezes and sniffles. The pine balsam loosens the phlegm and clears the bronchial tubes, the honey soothes and relieves the sore throat. The antiseptic qualities kill the germ and the congested condition is relieved. Croup, whooping cough and chronic bronchial affections quickly relieved. At Paul Drug Co., 25c. Adv.

That man is a good citizen who does something to make his state or community a better place to live in. One of the men who certainly does this is the man who helps to kill the scrub pine. —Southern Agriculturalist.

Inactivity Causes Constipation.

Lack of exercise in the winter is a frequent cause of constipation. You feel heavy, dull and listless, your complexion is sallow and pimply, and energy at low ebb. Clean up this condition at once with Dr. King's New Life Pills; a mild laxative that relieves the congested intestines without griping. A dose before retiring will assure you a full and easy movement in the morning. 25c at Paul Drug Co. Adv.

**"TANLAC SMILE"

Noted Tuba Player Finds Relief After Fifty Years.

Kings have heard C. Ferdinand Weise play his giant tuba; presidents of South American republics have wondered at his skill, as have audiences in the United States. But only his associates knew that frequently, a few minutes before a concert, Mr. Weise would be doubled up with cramps while cold sweat drenched his body. This prominent member of Weber's Cincinnati band, until recently, suffered from annoying health worries, until Tanlac brought him relief.

C. FERDINAND WEISE.

fared from annoying health worries, until Tanlac brought him relief.

Sounds Praise of Tanlac.

No horn is big enough now for Mr. Weise to sound the praise of Tanlac. "Tanlac is the greatest thing in the world for worries like mine," he said. His "Tanlac Smile," ruddy complexion and clear, laughing eyes are ample evidence.

"My whole system was run down," he said. "I would be doubled up with pains and feel that I didn't want to eat another bite for a week, because I knew it would form gas and acid and cause bloating and pain."

Gives Tanlac Credit.

"For freeing me from all this I want to give Tanlac the praise it deserves. After taking it I feel better than I have in ten years. It is the best of tonics. For several months I have not taken any, but my digestion continues in perfect working order."

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in Columbia, Ky., by PAGE & HAMILTON.

Cough Medicine for Children.

Mrs. Hugh Cook, Scottsville, N. Y., says: "About five years ago when we were living in Garbutt, N. It promptly checked their coughing and cured their colds quicker than anything I ever used." Obtainable at Paul Drug Co. Adv.

I, a Southern Gentleman, am Named

Well, way back in 1901, after I had been in this bright, happy world for several days, I began to get worried like. I didn't have any name.

Folks were calling me "it" and "the new one" and "whatdya-call-it." I didn't like it a bit. Then one day I heard the Big Chief telephoning all his department heads to meet in his office.

Pretty soon they all came filing in. Tall chaps, short chaps, fat chaps and skinny chaps. "Now that he is here," said the Big Chief, "what will you name him?"

My! how they wrangled and wrangled

and wrangled. You know, you have heard them argue whether He'd be called Jack or John or Jim before. Finally, one fellow spoke up and said:

"Why not call him 'SOVEREIGN'? His mother was a Virginian, his father an aristocrat of the Carolinas. He comes from the very best stock.. He comes from the very sweetest, ripest, mellowest Virginia and Carolina tobacco. He is being raised right in one of the cleanest, whitest, healthiest homes on earth. He is a Southerner born, a Southerner bred, a Southern gentleman—the king of them all—a real SOVEREIGN."

*The Folks of the South KNOW good blood.**The Folks of the South KNOW good tobacco.*

SOVEREIGN—the best—is none too good a name." So I was named, friend, for I want you as one of my friends, and it means a whole heap when I say—

I am guaranteed by *The American Tobacco Co.* —Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.**Sovereign Cigarettes**

are only outward manifestations of the inflammation of the mucous surface that lines the lungs, the stomach and all the digestive tract, but they give you evidence of how sore a membrane may become as a result of inflammation, which is stagnation of the blood, rightfully called acute catarrh.

If you suffer from such conditions don't let them become chronic, don't run the risk of systemic catarrh.

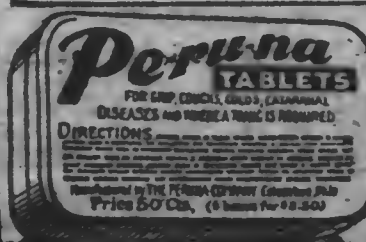

Clear it Up With PERUNA

When your system is cleared of all its poisons, the membranes soothed and healed, the cold gone and your digestion restored, you will enjoy life, feel equal to all its tasks, and be at peace with the world. Let Peruna do for you what it did for this sufferer:

Mrs. L. A. Patterson, 238 Utah Avenue, Memphis, Tenn. says:

"I have been a friend of Peruna for many years. I have used it off and on for catarrhal complaints and found it a very excellent remedy. I have a small family of children. Times are hard with us, but I can scarcely afford to do without Peruna, especially during the season of the year when coughs and colds are prevalent. We always recommend Peruna to our neighbors, for the benefit it has been to us."

You needn't suffer longer with such a remedy at hand.

Peruna can be obtained in tablet form. You can carry it with you and take it systematically and regularly for a remedy, or as needed for a preventive. Get a box today.

escape a few days ago, while riding
along the high bank of Green river,
where the road is not more than 3 or
4 feet wide, his horse shied a little
and fell into the river which was up
at that time. Homer jumped just in
time to save himself. This is a very
dangerous place.

Reach Enormous Figure.

American farm products attained a
gross value of \$13,449,000,000 in 1916,
making that year the greatest in
point of value of any in the nation's
existence. That estimate of the year's
gross value of farm crops and animal
products, announced by the Depart-
ment of Agriculture, exceeds by \$2-
674,000,000 the total of 1915, the pre-
vious record, and by more than three
and a half billion dollars the value in
1914. Crop production for the year
was comparatively low and did not
reach record figures except in a few
minor instances, but high prices sent
total values up.

Crops were valued at \$9,111,000,000

The crop value exceeded that of 1915
by \$2,204,000,000 and of 1914 by \$2-
299,000,000. Crops alone in 1916 were
worth more than crops animal prod-
ucts combined in any year prior to
1912.

Four crops in 1916 each exceeded a
billion dollars in value. The corn
product is put at \$2,296,000,000; cotton,
\$1,408,000,000; hay, \$1,162,000,000;
wheat, \$1,026,000,000. Other crops
that exceeded \$100,000,000 were: Oats
\$656,000,000; potatoes, \$417,000,000;
wood-lot products, \$221,000,000; apples,

1916, was about 55.9 per cent, higher
than a year previous; 52.9 per cent,
higher than two years before and 52.8
per cent, higher than the average of
the previous eight years on Decem-

Obituary.

The death angel visited the home of
R. L. Rowe, and claimed for its vic-
tim the beloved mother, Louisa Rowe.
She was the wife of Ezekiel F. Rowe
deceased. She was born September
26, 1840, died Dec. 30, 1916, aged 76
years, 3 months and 4 days.

She was united in marriage to
Ezekiel F. Rowe, August 25, 1865.

There was born to this union ten
children, four girls and six boys, of
which three girls and three boys have
crossed Jordan river, leaving one girl
and three boys still in the war of
Christ, striving to win the crown of
life eternal, which will be given to
those who obey the commands of
Christ, the greatest captain.

She professed faith in Christ about
50 years ago, and joined the M. E.
Church, and lived a devoted Christian
until the end came, and then shouted
triumph, and said she was going home
to die no more, glory, glory.

It was a sad scene as the children
gathered around the bedside of moth-
er and saw her conquer the monster,
death, and was laid in the casket and
carried to the graveyard, after fune-

al services by Rev. J. E. Scott.

But oh, for the hope and the testi-
mony that she left behind: that she
was going home to die no more.
What a wonderful meeting it was
when she met with grandpa and her
children, and the many friends who
had gone before. There is a wonder-
ful welcome in heaven for the redeem-
ed in Christ. Press on children, to
the mark of the high calling in Christ
Jesus, for the goal is just ahead.

Grandma's passing away was our
loss but heaven's gain, and we should
strive harder and do more for the Lord
and when the hour comes, and it may
not be far away, for us to cross the
chilly waters of death, that we can
hold our arms and say: "we have
fought a good fight, and have kept
the faith," and cross Jordan at the
Christian ford and join the happy
angel band and shout the praises of
God while ages roll on and on, and
where there is no sin, sickness, pain or
death, but all is peace and love.

"Blessed are the faithful who par-
take of pain and shame for Jesus sake,
Their soul shall triumph in the Lord.
Eternal life is their reward."
